(d) Effects of Secrecy on all this.

Cuba II; Roberto's Pearl Harbor study (+ of Cuba II!)

(e) Danger to US of Secrecy, lying

## DE Justice

65-66: try to win, by political approach.

- by late '67: war was stalemate,  
willing to change; end it, don't escalate

(1st half '68: even worse situation,  
end its bombing; negot).

BOMBING IMMORAL (No more UNs)

- early '69 — negot for MW; if impossible,  
TW.

- 1st half '69: read PP on early period ~~of 1967~~, 50-60.  
(earlier: <sup>1967-68</sup> read further material —  
except for NIES 50-60 — which confirm  
patterns of behavior known to me from 1964-67.  
(thus — willing to change).

- JUNE '69: CONTINUATION of war illegal, immoral
- August-September 1969: read more  
volumes on early period, ad, for the  
first time, Vol. I on 1940-50.
